
If you've been looking for a quick and reliable way to transition from one scene to another, with a simple drag and drop effect, this is it! It's been used in various productions that have made major waves in the market. This pack is a must-have for your professional projects. You can use it to quickly move from one scene into another, create customized transitions with ease, or even use it as a rich resource for future movie projects.

IMPORTANT: The fine print: It is not a movie creating tool. It can't be used for making movies. This impacts pack is a perfect choice for smart users looking to add a quick and easy transition to their videos, web series, skill-sets, etc.

This Transition Pack Includes:

- Enter/Exit title transitions (4 to choose from)
- Light Effect transitions (4 to choose from)
- Cool Effect transitions (3 to choose from)

The Fine Print: This product is NOT a standalone app and requires Full version of After Effects and any other software at your disposal to use it. It's just a pack of transitions
